

1946

MODERN ENGINEERING

Modern Engineering was established in 1946 as a Tool Design business servicing the automotive industry. Over the years, Modern expanded its services to include manufacturing, prototype, design & engineering and staffing service solutions. Modern eventually became synonymous with contingent workforce solutions providing industry leading talent world-wide.

2006

MODERN PROFESSIONAL SERVICES

Modern Engineering made the decision to solely dedicate efforts to provide state of the art staffing services. In 2006, Modern Professional Services (MPS) was born with a primary focus of delivering technical staffing solutions to the auto and manufacturing communities. Modern's Regional service locations included offices located in Troy, MI, Atlanta, GA and Nashville, TN.

2008

QUALITY TECHNICAL SERVICES

In 2008, Quality Technical Services (QTS) was added to the corporate portfolio. The addition of QTS, a leading staffing company headquartered in Mobile, AL, diversified the business to include staffing solutions for the Oil & Gas industries.

2008

EPC GLOBAL

The acquisition of EPC Global was a vital turning point which solidified the company's value to the marketplace. EPC, originally founded by the Bechtel Corporation, expanded their service offerings to include the Engineering, Procurement and Construction markets worldwide. With offices in Houston, TX, Frederick, MD, London, India and Abu Dhabi; EPC provided engineering and technical staffing to some of the industry's best known employers in the oil & gas, power and rail industries.

2009

TALASCEND LLC

June 1, 2009, was a monumental day for the staffing industry as three of the most recognized staffing companies merged to create a new force in engineering and technical resourcing. Talascend, the united entity of Modern Professional, QTS and EPC Global, established a new brand which included diverse and tenured recruiting team coming together to serve some of the world's most recognizable companies.

2011

TALASCEND SL

Talascend SL was incorporated as a separate company serving as a Veteran Owned Business (VOB). Working hand in hand with Talascend, the SL business focuses sourcing efforts on both skilled labor and technical positions as a diversified business entity.

2017

TALASCEND

Talascend rebrands as a full-service, Veteran owned and operated, technical, engineering and skilled labor staffing powerhouse. SL and LLC unite branding as a certified Veteran Friendly Employer (VFE) providing a one-stop-shop for nationwide Civilian and Veteran staffing services.

2019

TALASCEND TURNS 10

June 1, 2019 marks the 10 year anniversary of the Talascend brand. A decade of serving the needs of the staffing and recruitment marketplace. A decade of connecting our talented candidate community with our valued partners. We are thankful to be here and look forward to serving you for the next 10 years.
