

1946

MODERN ENGINEERING

Modern Engineering was established in 1946 as a Tool Design business servicing the automotive industry. Over the years, Modern expanded its services to include manufacturing, prototype, design & engineering and staffing service solutions. Modern eventually became synonymous with contingent workforce solutions providing industry leading talent world-wide.

2006

MODERN PROFESSIONAL SERVICES

Modern Engineering made the decision to solely dedicate efforts to provide state of the art staffing services. In 2006, Modern Professional Services (MPS) was born with a primary focus of delivering technical staffing solutions to the auto and manufacturing communities. Modern's Regional service locations included offices located in Troy, MI, Atlanta, GA and Nashville, TN.

2008

QUALITY TECHNICAL SERVICES

In 2008, Quality Technical Services (QTS) was added to the corporate portfolio. The addition of QTS, a leading staffing company headquartered in Mobile, AL, diversified the business to include staffing solutions for the Oil & Gas industries.

2008

EPC GLOBAL

The acquisition of EPC Global was a vital turning point which solidified the company's value to the marketplace. EPC, originally founded by the Bechtel Corporation, expanded their service offerings to include the Engineering, Procurement and Construction markets worldwide. With offices in Houston, TX, Frederick, MD, London, India and Abu Dhabi; EPC provided engineering and technical staffing to some of the industry's best known employers in the oil & gas, power and rail industries.

2009

TALASCEND LLC

June 1, 2009, was a monumental day for the staffing industry as three of the most recognized staffing companies merged to create a new force in engineering and technical resourcing. Talascend, the united entity of Modern Professional, QTS and EPC Global, established a new brand which included diverse and tenured recruiting team coming together to serve some of the world's most recognizable companies.

2011

TALASCEND SL

Talascend SL was incorporated as a separate company serving as a Veteran Owned Business (VOB) and a diversified business entity. Working hand in hand with Talascend LLC, the SL business unit focused its sourcing efforts on both skilled labor and specialty trade positions.

2017

TALASCEND

Talascend rebrands as a full-service, Veteran Owned and focused; technical, engineering and skilled labor staffing powerhouse. *Talascend. Where Opportunities Await.* is the new face Talascend SL and LLC. While both companies remain on the back-end, the companies unite on the front-end to provide a single platform for nationwide recruitment needs.
